

POS and eCommerce Innovation

At Dirbos, our team of engineers specialize in a variety of point-of-sale, inventory management, and eCommerce systems. From Shopify integration to hardware recommendations, we can build a completely new solution for you or upgrade your existing legacy systems.

Our goal is to help you execute in-person and online transactions as efficiently as possible, while positioning your business for future growth.

Custom Technology Solutions

At our core, we are IT engineers who take pride in creating innovative solutions that help businesses modernize their operations and improve efficiency. We work to understand pain points in existing POS systems, which helps us develop solutions that are custom-built to your specific needs.

Dirbos understands that every business is different, which is why we offer custom POS solutions that can be tailored to each client. Our team has years of experience with a wide range of systems and technologies, giving us the expertise to build the best solutions for you.

Case Study

Pelagic Gear

pelagicgear.com

- Physical Stores: 7 brick-and-mortar stores and 2 floating event stores
- **POS at Stores**: 1-5 Shopify POS terminals
- Online Stores: 1 Shopify Plus
- Inventory Management: Full Circle ERP

Summary:

Client is a retailer deeply rooted in fishing and ocean culture lifestyle wear and high-performance apparel. This client needed a scalable solution for its new brick-and-mortar operations to pair with its growing online direct to consumer platform. Dirbos implemented Shopify POS for the 1st corporate store, then expanded to 7 additional stores across the US and 1 in Costa Rica. We also assisted in implementing a new ERP & Financial System running Product, Order, and Inventory Management.

Result:

The result was a hassle-free streamlined systems operation across all brick & mortar and online stores. All stores and event sites can open with very little lead time.

Current Status:

Ongoing support of all IT, ERP, and POS.

Let's talk. We are here to help.

Randy Fine, VP of National Channel Sales
